Chapter 1 by Walker

You one of the few survivors that didn't go into the vaults. You stayed in your basement in a hazmat suits you got last week. You go out into the wasteland with only your 55 9mm bullets, one 9mm pistol, a machete, and two Nuka Cola and 100 bottle caps.

Chapter 2 by Walker

Walking through the wasteland finding raiders they threaten you with crappy weapons and shitting cloths. You try to bargain with them "Hello what are you doing here by yourself?" said the raider, standing in front of me trying to puke because of his disgusting breath. "I'm going to the nearest town(pointing to the right of the raider)" I said to the gross raider. "You're not going to make it after were done with you" said the raider.

I started to move my hand toward the gun in my pocket as that happen the raiders (Being four) run at me with the three of them have a assortment of melee weapons while the guy that I talk to pulls a gun. Before he could get his weapon out I whip out my pistol and something happen I don't know but as if time slow or stop and I aim at my enemy and shot. By the time the guy with the gun could get his weapon out his lackies were dead and I had a gun at it head and he was disarmed. I said "I tell me everything you know" then he blabed about nearest cities and a

couple of raider hideout. So I decided to go to get my ed, my supplies and go the hideout.
